Homework Grid- Year 1

Quiz night- Make up your own quiz and test your family. You will need to think of questions to ask. Example- What is the largest animal in the world? You might need to do some research for your quiz using books and the internet.	Follow a recipe to bake something. You will need to use your measuring skills and reading skills. You could make your own dessert. You could create your own menu or write a set of instructions on how to bake something.	Get active- You could do cosmic yoga, play football/games in the garden. Go and a walk and look for different physical features around your local area	Create your own book. This could be a fiction, non-fiction or a comic book. You could add your own illustrations and share it with your family.
Play lots of board games- this will help your Maths skills. You could create your own board game to play.	Make your own playdough or salt dough. What creations can you make? Can you make a sculpture? You could try and make the Angel of the North.	Read every day. Create a reading nook and share your favourite stories with your family. Can you answer questions about what you are reading? Go on phonics play and play games on the sounds we have been learning.	Build a tin foil boat. How many objects can you place in it before it sinks?
Can you make your own instrument using recycled materials? Can you play a tune using your instrument? Can you name the materials you have used?	Can you learn your alphabet using British Sign Language? https://www.britishsign.co.uk/fingerspelling-alphabet-charts/	Number bonds-Practise your number bonds to 10. Example- 4+6 9+1. Can you learn them off by heart? Addition + subtraction- Practise your adding and subtracting. Example: 7+2= 9	Practise your handwriting. There is a handwriting formation sheet on class dojo. Remember all letters start on the line.
