

Year 1

<p>Read every day. Build a den and share your favourite stories with your family. Can you answer questions about what you are reading?</p> 	 <p>Follow instructions to bake something. You will need to use your measuring skills and reading skills. You could:</p> <ul style="list-style-type: none"> • make your own pizza. • create your own menu • write a set of instructions • make cup-cakes and decorate them. 	<ul style="list-style-type: none"> • What is the best junk modelling creation you can make? • Take a photo of it and label it. What can you make out of recycled materials? • Create a bug sculpture using junk modelling like we did at school. 	<ul style="list-style-type: none"> • Research a country from around the world. <p>Can you learn lots of new things about a new place?</p> <ul style="list-style-type: none"> • Find out about an event that happened in the past (example- first man on the moon) or a famous historical figure such as Florence Nightingale.
 <p>Play lots of board games- this will help your Maths skills. You could create your own board game to play.</p>	<p>Get active-</p> <ul style="list-style-type: none"> • do Cosmic yoga, • play football/ games in the garden. • Create your own dance routine to your favourite song. 	<p>Make a jungle animal puppet. You could make a few puppets and put on a puppet show.</p> <p>Make your own musical instrument and perform your favourite song!</p>	 <p>Can you research animal habitats? You could create a poster for this or an information book. You could create a bug house in your garden.</p>
<ul style="list-style-type: none"> • create an Easter bonnet, Easter cards, • decorate an egg. • Plan an Easter egg hunt around your house. • Create symmetrical egg pictures. 	<p>Create your own book. This could be a fiction, non-fiction or a comic book. You could add your own illustrations and share it with your family.</p>	<p>Practise your number bonds to 10 and 20. Example: 4+6, 14+6. Can you learn them off by heart? Play shops and get to know those coins! Practise your adding and subtracting. Example: 15+2= 17</p>	<p>Practise your cursive handwriting. You have a cursive handwriting sheet in your reading record. Remember all letters start on the line.</p>
