Click on the link above to hear about our story this week.

English

Our story this week is: **How to Find Gold by Viviane Schwarz**. We will be continuing to follow our school English scheme 'Power of Reading'. I will upload the planning to our class page. Upload your completed activities to our class dojo page.

Here are some additional activities you might want to do:

- Can you design and make a treasure box as special as that sought by Anna and Crocodile? You could label your treasure box using adjectives or write a set of instructions on how to make your treasure box.
- Create a story map to help you to retell the story. You could draw key points of the story and write down key phrases. Retell the story to a member of your family or you could record your retelling of the story and send it to a family member. Here is an example of a story map:

- Can you create your own adventure for Anna and Crocodile? You could create your own story book. Where do you think they would go next? Make sure your story has lots of problems for them to overcome together.
- Watch this underwater footage: <https://www.youtube.com/watch?v=x8XJAXtP81A>. What do you see? How does it make you feel?

Mathematics

Our focus the week is length, height and weight.

- We will be continuing to follow our school Maths scheme 'White Rose Maths'. You can find daily videos and activities for to do here: White Rose home learning Year 1 Summer Week 5 <https://whiterosemaths.com/homelearning/year-1/> Upload your completed activities to our class dojo. I will upload the worksheets as we have a White Rose subscription.

Here are some additional activities you might want to do:

- Go on a walk and collect lots of different objects such as sticks, leaves ect. Can you order the objects that you collected from shortest to longest?
- Create a car ramp like this: Can you measure how far the cars have travelled?

- Go around your house and find objects that are bigger and smaller than you. Can you find any objects that are the same size as you? Can you measure objects using your hands or cubes? How long are they? Can you use a ruler to measure objects? Remember to use cm.
- Make a scale by using a coat hanger. Can you compare how much objects weigh using <=>? Which object is heavier/ lighter?

Create a large piece of artwork that captures the energy, mood and atmosphere of the underwater world that Anna and Crocodile experience. You could write a description of the underwater world.

- Bake a cake or fairy cakes. Follow the recipe and weigh out the ingredients carefully. What did you use to measure out the ingredients? What units did you use?
- A bag of sugar weighs 1kg. Can you go around your house and find objects that weigh 1kg?

- ✓ Can you practise your RWI sounds? You can watch daily RWI lessons at: https://www.youtube.com/channel/UCo7fbLgY2oA_cFCIg9GdxtQ/videos?disable_polymer=1 These would be the same daily phonics lessons that children would take part in at school.
- ✓ Please continue to read every day.
- ✓ Practise your cursive handwriting using the support sheet.
Learn how to spell and read Year 1 common exception words.

- Can you find out all about what holidays were like from the past? Try to look for information on what they were like from Victorian times. Talk about how they were different to our seaside trips. Here is a video to help: <https://www.youtube.com/watch?v=zWgnpY4L9so>
- What objects float and sink? Find a range of objects to test. Use the bath or a washing up bowl to see if these objects float or sink. Make predictions before you start about whether you think the objects will float or sink. You could record this in a table.
- What animals live in the sea? Research sea creatures and find out lots of different fact about animals that live in the sea. Can you make a sea creature out of junk modelling or using different materials?

- Watch this video from all about what seaside holidays were like in the past. It looks at entertainment on the beach. Can you make your own moving pictures?
<https://www.youtube.com/watch?v=exFmcLMjKsw>

- Sing some seaside songs. Here is a link to some: <https://www.bbc.co.uk/teach/school-radio/music-ks1-sun-sea-song-index/zr4x2sq>

This week`s Whole School Home Challenge

What were seaside holidays like in the past?

You can choose the way in which you do this. It can be a painting, a model, an ICT presentation....anything you like. If you have brothers or sisters from Primary School at home, you can work with them. We look forward to seeing what you create!

We are really enjoying seeing what you have been doing. We know you are working very hard at home to support your children and we very much appreciate it. Thank you very much.

You can upload your child`s work through our Class Dojo. It has been lovely to see all of the amazing work that you have been doing. If you need to chat to us about anything please get in touch through Class Dojo.

Please continue to take care, stay safe and keep smiling. Miss Mundy
